Community Lakes Association Report March 2015

The Community Lakes Association organized 27 years ago to help protect the health and beauty of the ponds and lakes in and around the Maine towns of Woodstock and Greenwood. We help spread information about the issues important to keeping our ponds and lakes healthy. Funds received from the town of Greenwood go to support these activities, particularly to help cover the cost of lake monitoring. We also raise money through donations and grants.

2014 was a year of change for the Community Lakes Association. A new Board of Directors was voted in at our annual meeting in July.

The Membership and Communication Committees worked this year to boost interest, membership, and participation in the organization. A mailing list of all waterfront property owners on the ponds and lakes of the CLA was prepared using current tax maps. A new brochure and membership letter were also created and, in early June, were mailed to the 500 property owners on the updated list. The mailing grew membership by 75 households - 36 of which contributed additional donations to support the work of the CLA.

We have been working since the Annual Meeting last July to establish the CLA as a charitable corporation under the provisions of Section 501 (c)(3) of the Internal Revenue Code. This January (2015), we received notice from the IRS approving our application! Obtaining this status makes contributions to the CLA tax deductible. This will hopefully encourage larger annual contributions and additional grants to fund other costly activities of the CLA such as the milfoil control and monitoring project.

Jim Chandler still heads up our work on milfoil control, assisted by a crew of divers and much help from the 4H Camp. Control efforts focus on reducing infestations in Lake Christopher, the Outlet Pond (below the Lake Christopher Dam) and at Shagg Pond.

We sincerely thank those that worked on both all these projects for their efforts and attention to detail. Thanks also to the milfoil crew, lake monitors, new board members, the towns that support us, and all the other volunteers that helped to keep this organization alive this year!

Any area residents who would like to receive future mailings are encouraged to contact the CLA and join the mailing list.

PACE Paramedic Service

Citizens of the Town of Greenwood,

PACE Paramedic Service, a Department of Stephens Memorial Hospital is proud to be able to present you with a description of ambulance service for your Annual Town Report.

In 2014, PACE responded to a total of 3792 calls, 70 of which were in in your town. Our average response time for the calls in Greenwood, from the time of the tone until we were on the scene, was 11.4 minutes. We are regularly out the door and on our way to calls in less than one minute with a minimum of two Paramedic Level Crews on duty at all times. As with all of the towns PACE covers, we provided the highest level of care available with a Paramedic on every 911 response. We are also happy to report that PACE was honored as the 2014 Region 2 Service of the Year in the State of Maine!

PACE continues to maintain a very close relationship with the fine group of professionals on the Greenwood Fire Department and enjoys being able to work and train with the Fire Fighters whenever possible. Although we usually stage in Woodstock, the GWFD has been excellent hosts in allowing us to stage at the Locke Mills Station from time to time to maximize our resources as the need arises. In addition to the day time Fire Department coverage Greenwood and Woodstock share, both departments are also Maine EMS Licensed First Responder Services. They respond with PACE on calls bringing highly skilled, lifesaving aid to the citizens. This is truly a neighbor helping neighbor scenario, with local citizens responding to render care at your time of need. Working in concert with PACE, they have proven to be a true asset to the community. At PACE, we can not express our appreciation of their efforts enough. They have been absolutely superb on calls and an essential extension in the chain of survival. This is in fact a cutting edge concept in emergency response at a national level and you are doing it! Please accept our congratulations and our gratitude.

PACE is always happy to visit schools, daycare facilities, organizations, and the like to talk about emergency care and give tours of the ambulances as part of our community outreach program. We are also more than willing to give tours of our station located on the Stephens Memorial Hospital Campus. We provide regular CPR & First Aid training here at Stephens and we are also willing to set up special classes to meet your needs. Please feel free to call 207-744-6126 to schedule tours and training.

Should you have any questions or concerns about ambulance service in your area, feel free to contact the Director anytime.

Yours Truly,

Bob Hand, Paramedic

**REPORT OF
RESPONSIBLE PET CARE OF OXFORD HILLS, INC.
Shelter & Adoption ~ 9 Swallow Road, Paris Maine**

Responsible Pet Care of Oxford Hills, Inc. is a non-profit, 501-C3 organization that provides a no-kill shelter for homeless cats and dogs located at 9 Swallow Road in Paris. We are equipped to provide treatment and shelter for 85+ felines and 12+ dogs. Animals not claimed by their owners are adopted into approved homes, healthy, vaccinated, flea treated, wormed, spayed/neutered and tested. In 2014, 118 dogs and 443 cats were adopted into new homes.

"RPC" has agreements with the Towns of Norway, Paris, Oxford, Otisfield, Harrison, Woodstock, West Paris, Greenwood, Hebron, Buckfield, Mechanic Falls, Poland, Gilead, Milton Township and Bethel to take strays. We accept owner surrender cats and dogs when cage/kennel space allows.

- Did you know? One unspayed female cat is capable of producing 20+ kittens per year for most of her life, female kittens start reproducing as early as 6 months of age, *and* siblings will breed. This is why it is so important to spay, neuter and report strays to the animal control officer.
- Did you know? Each time a dog gives birth to puppies it can take as much as two years off her life. When you purchase a puppy, be conscious of where it comes from. Do not support "puppy mills". In "puppy mills", female dogs are bred too often, puppies may be sold too young and dogs may be kept inhumanely. They may be sick or become sick. Be very careful if you purchase a pet on line.
- Did you know? It is unlawful to sell a puppy or kitten before the age of 6 weeks. It is also required that a breeder and/or pet dealer provide the buyer of the puppy or kitten with a written disclosure indicating their history, including healthy records.

Responsible Pet Care can direct you to resources for low cost spay and neuter for dogs and cats. Please call us at 743-8679 for more information. Because of irresponsible breeding, there is an overwhelming necessity to spay and neuter bully breed types. The State of Maine FIX ME spay/neuter program in Augusta is issuing certificates with highest priority to this breed type of dogs and to cats. FIX ME program spay/neuter certificates cost \$10 for cats and \$20 for dogs. Responsible Pet care will cover these fees to qualifying individuals. Additionally, we have grants available to assist owners in the cost of spaying and neutering their pets that do not qualify for FIX ME. To contact FIX ME, 800 367-1317.

Dog licenses are due each year by January 1. The fees are split between your municipality and Maine Department of Animal Welfare. If your dog gets lost and is wearing the dog license tag, there is a very good chance that he will be returned to you. The cost to register your dog is \$6.00 if spayed/neutered and \$11.00 if not. If you do not license your dog by January 31, there is a late fee of \$25.00 per dog. "RPC" urges all pet owners to make sure pets are identified by ID tag, dog license tag or microchip so that pets may be returned if lost.

Thank you for your support.

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Greenwood, Maine

We have audited the accompanying financial statements of the governmental activities of the Town of Greenwood, Maine as of and for the year ended June 30, 2014, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Greenwood, Maine's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Greenwood, Maine, as of June 30, 2014 and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and the budgetary comparison information, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Greenwood, Maine's basic financial statements. The combining and individual nonmajor fund financial statements, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOWN OF GREENWOOD, MAINE
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
GOVERNMENTAL FUNDS
YEAR ENDED JUNE 30, 2014

(Concluded)

Reconciliation of the change in fund balances - total governmental funds
to the change in net position of governmental activities:

Net change in fund balances - total governmental funds \$ (125,262)

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures while
governmental activities report depreciation expense to allocate
those expenditures over the life of the assets:

Capital asset purchases capitalized	\$	162,666
Depreciation expense		<u>(247,951)</u>
		<u>\$ (85,285)</u>

Government funds report changes in deferred taxes as revenues while
government activities do not report changes in deferred taxes

\$ -

The proceeds of debt issuance provides current financial resources to
governmental funds, but issuing debt increases long term liabilities in
the statement of net position. Repayment of debt principal is an
expenditure in the governmental funds, but the repayment reduces
long-term liabilities in the Statement of Net Position:

Bond obligation principal payments, net of new debt incurred	\$	<u>101,180</u>
--	----	----------------

Change in Net Position of Governmental Activities	\$	<u><u>(109,367)</u></u>
---	----	-------------------------

See the accompanying independent auditors' report.

Dear Friends:

I would like to thank the residents of Greenwood for allowing me to represent your interests in the Maine State Legislature. The decisions made in Augusta have a direct impact upon each Maine resident and no vote should be cast lightly.

I have been chosen to serve on the Health and Human Services Committee, which shapes upcoming legislation pertaining to MaineCare, Medicaid, children's welfare and mental health services. I am working diligently on your behalf, and will continue to advocate to strengthen the services available for senior citizens. We have a number of significant issues to consider, and I welcome your ideas, comments and concerns.

There is no doubt that this session will be a busy one. From government spending to welfare reform to job creation, there are many important issues on our plate. As taxpayers, you deserve to know that your money is being spent wisely, so I will continue to fight against wasteful spending. In addition, it is a priority of mine to make sure that public assistance is going to those who truly need it.

I encourage you to contact me at any time. It is through your input that I will best be able to represent our community. I look forward to hearing from more Greenwood residents throughout the session.

Respectfully submitted,

Frances M. Head

Dear Friends,

Thank you for the opportunity to serve as your State Senator. I appreciate the faith you have placed in me and I promise to work hard to represent you in Augusta.

This legislative session is already shaping up to be a busy one. I have been assigned to serve on two committees. I'm happy to be serving on the Labor, Commerce, Research and Economic Development committee and the Veterans and Legal Affairs committee and look forward to working on your behalf.

While the economy is improving our state still faces many tough choices. Modernizing Maine's tax system is necessary. At the same time we have to remember that the state budget will have real impacts and I am committed to ensuring that income tax cuts for the wealthiest Mainers do not come at the expense of property tax hikes for the middle class. I know it won't be easy but I look forward to helping create a stronger economy for the working families of Maine.

Over the past several years, I've had the opportunity to work with many of you. It has been an honor to meet the many business owners, community leaders, families, and individuals in Senate District 18. I want to make sure that you continue to stay in contact with me, so feel free to call or email me anytime. This is going to be a difficult session and there are going to be times when we don't agree, but I want you to know that I always welcome fair and civil discussion.

I can be reached at home at (207) 364-7 666 or at the State House (207) 287 -1515. Please feel free to email me anytime at John.Patrick@legislature.maine.gov. I also encourage you to sign up for my legislative updates. Go to <http://www.mainesenate.org/newsletter-signup/> to join my mailing list.

I look forward to working with you in 2015!

Sincerely,

Senator John Patrick

Dear Citizens of Greenwood,

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities is the reduction and eventual elimination of the income tax. Not only does an income tax cut put more money back in your pockets, but it will attract businesses that can offer good paying careers to keep our young people here in Maine. Further, this tax cut maximizes one of our existing resources — tourism — and ensures the millions of visitors who come to Vacationland each year contribute their small part to our economy.

Simply put, this proposal results in an immediate pay raise for all of you hard-working Mainers. It creates stronger and even more vibrant communities as we show people that we are serious about wanting people and businesses to come — and stay — in Maine.

If we are to make Maine prosperous, we must also work hard to reduce our heating and energy costs. I am committed to lowering the cost of energy, not only to attract job creators, but also to allow Maine people to affordably and effectively heat and power their homes.

And finally, it is of utmost importance that we begin to address the growing drug problem in our state. Maine's people are its most precious commodity, and our safety is being threatened by the drugs that are entering our state each and every day. My goal is to face the problem head on by employing more drug agents, prosecutors and judges before the epidemic destroys our communities.

It is a pleasure serving as your Governor. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

Paul R. LePage
Governor

Dear Friends,

It has been a privilege to serve the State of Maine since being sworn into the U.S. Senate in January of 2013. First off, I want to make sure you know how to reach my offices, as I welcome your thoughts, questions, or concerns. You can call our toll-free, in-state line at 1-800-432-1599. In addition, our local numbers are as follows: Augusta (207) 622-8292, Presque Isle (207) 764-5124, Scarborough (207) 883-1588, and Washington D.C. (202) 224-5344. You can also provide your input on our website at www.king.senate.gov.

Maine is a large state; I know that traveling to our offices can present logistical and financial challenges, which is why our team implemented an outreach program, **Your Government Your Neighborhood**. My staff has been traveling to communities throughout the state for two years now, hosting office hours for local residents. Since we began, we have made over 400 trips and plan to increase that throughout 2015.

If we haven't yet been to your town office, community library, or school, or hosted an information table at a local non-profit, please let us know!

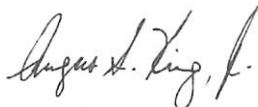

My work in Washington this year has been broad reaching, and I am committed to continue this work in a transparent and nonpartisan manner.

My projects have included:

- Overseeing national security and defense issues from ISIS to cybersecurity
- Continuing efforts to simplify student loans and make higher education more affordable
- Easing the regulatory burdens facing Maine businesses, farms, and schools
- Co-sponsoring budget initiatives for a smarter economic direction
- Supporting vital infrastructure and highway investments
- Tackling climate change mitigation and its long-term impacts
- Ensuring financial transparency in politics through campaign finance reform
- Promoting the growth of rural internet access
- Co-sponsoring legislation to help working families get paid leave to care for loved ones

I am tremendously grateful for the opportunity to serve you and will keep you informed of my activities in Maine and Washington.

Sincerely,
